

FIELD: PHYSICAL SCIENCES

INSTITUTE: Nuclear Physics Institute of the CAS, v. v. i.

TEAM: Ultra-relativistic Heavy Ions

Report of the I. phase of the Evaluation of the research and professional activity of research-oriented institutes of the Czech Academy of Sciences for the period 2015-2019 is not available for this team.

Publications by the Ultra-relativistic Heavy Ions group are mostly collaboration papers with a large number of coauthors published on behalf of the large collaborations STAR at BNL, ALICE at CERN and the experiments VITO and WIZARD at CERN ISOLDE.
